Subject: Latest letter from SSVEC

To the Chairman and members of the ACC:

Along with other residents of the Sonoita-Elgin area, I received a letter recently from SSVEC. I thought I would share my response with you.

Dear Jack Blair, I have been a member of the coop for almost 11 years. I am a REALTOR® in Sonoita whose business will potentially be impacted by a lack of adequate power. I am not involved in any organization either opposing the new transmission line or supporting it. I am an engineer who has owned and managed a fairly sophisticated business and consulted with many other businesses. Frankly, your business is poorly run and operates without consideration of the members/owners. The 5+ page letter referenced above is just one more example. It is filled with mostly half-truths, You have certainly not convinced me that I should support your case before the ACC. In fact, if anything, you have pushed me the other way. This coop needs new management with vision who can build a strong distribution system which utilizes the latest technologies and design elements thus providing its members with the service they rightly deserve. I hope this change is forthcoming very soon.  
Sincerely, Charles Kentnor

I would be happy to send you a copy of the letter if SSVEC has not already done so.

Dear Mr. Kentnor,

Your email regarding the Sulphur Springs Valley Electric ("SSVE") transmission line has been received through the offices of the Commissioners. It will be placed on file with the Docket Control Section of the Arizona Corporation Commission ("Commission") and made a part of the record. Your comments will be considered by the Commission before rendering a decision on the case.

Staff appreciates your comments and the interest taken on the SSVE application.

If you should have any questions relating to this issue please feel free to contact me.

Sincerely,

Trish Meeter
